Fees and Charges

Fees and Charges By-law 2022-26

Municipality of
Dutton Dunwich

Other Approvals

Approvals from other Agencies are required in many instances before a building permit application can be processed and before a permit is issued for construction. These approvals are not administered by the Chief Building Official. Please ensure all other required approvals are complete such as Conservation Area permits, Planning Approvals, Nutrient Management Plans/Strategies etc.

Next Steps

Submit complete application including supporting documentation to the Municipality of Dutton Dunwich via your [Cloudpermit](#) application portal. Application is reviewed for completeness and compliance with the Ontario Building Code and Applicable Law. Application review comments are provided during review to identify any outstanding requirements and to summarize permit fees. Permit will be issued when review is complete and all fees are paid. Construction begins and inspections may be scheduled. The Chief Building Official checks major phases of construction until Occupancy and/or Final are complete.

Incomplete permit applications will delay permit processing time. Construction shall not start until permit has been issued.
